

Museum of Contemporary Art

Location: Chicago, Illinois

Scope of Work: Diversity Assessment

In 1999, MMC was hired by the Museum of Contemporary Art, Chicago (MCA) to assist in planning for the implementation of the MCA Diversity Initiative. The objective of the Diversity Initiative was “to develop an institutional foundation for understanding and welcoming diverse perspectives in order to create a more inclusive and engaged arts institution.” MCA contracted with MMC to conduct a Diversity Assessment that included interviewing staff, trustees, volunteers, and community leaders for their perspectives on how diversity fit into MCA operations and programs. MMC’s report of findings laid the groundwork for future phases of implementation of this important initiative.
